Topic:	Major Points Discussed:	Action Required:	Assigned to:	Due Date:
Monthly behavioral health articles distributed via various sites – livingwellfdl.org; AC newsletter; churches; press releases; Medical Providers; PCA's. Jan – Personality Disorders (Becki; FDL County DCP) Feb – Trauma (Janet McCord; Marian U.) March – Bipolar Disorder (Gregg) April – Sexual Assault (Marilyn; ASTOP) May – Anxiety (Robyn; Catholic Charities) June – PTSD (Erin; Redeemed Counseling) July – AODA (Erin; Redeemed Counseling) August – Schizophrenia (Mary Ellen McMeen/NAMI) September – Suicide (Christie/YScreen) October – Domestic Violence	Started this month with Bipolar Disorder. Discussion took place regarding having them translated into Spanish.	Get Matt content by first week of assigned Month. He will get to Agnesian PR for formatting and distribution. Check with Marian University regarding translation services.	As assigned in topic list. Matt	As assigned in topic list. 4/16/14

(Tiffany Wiese/SAH DVP) Nov – Bullying (Jenny: CSI) December – Depression (Aimee; Delta Center)				
Behavioral Health Education Coordinator	Group feels more input should be gathered regarding need among community agencies and what support they can provide for the position.	Send to identified agencies background regarding effort, copy of proposal, and survey monkey link to provide feedback.	Christie, Kathy, Erin and Gregg	4/16/14
Lethal Means	Christie is working on this to present messaging at our next meeting that may be consistent across responders/gate keepers. I	Christie, Janet and Gregg to meet to discuss further. Update to team at next meeting.	Christie, Janet and Gregg	4/16/14
Survey of Community Needs	Current evaluations with items that are already asked that reflect our goals by different agencies need to be gathered. In other words who is currently asking what, when. Any of those items meet our needs or could we add questions to them to meet our needs. The concept of a community "needs analysis" is a larger and separate deal because that type of survey is done with a format that may require further consultation as expense and time would need to be calculated. We can go there but stronger argument that we have gathered existing data points and	.Discuss further at next meeting.	All	4/16/14

	understand how that can be used within existing resources .			
PCP Screening	Yscreen continues to work with the physicians and SPROUT on Ages and Stages so we will need to coordinate what is currently happening vs where we think there are gaps.	Discuss further at next meeting.	Team	4/16/14
